

LESSON PLAN

Period	Date (Tentative)	Topic	Unit No.	Teaching Methodology	Remarks	Corrective Action Upon Review
1		Introduction to Managerial Economics	I			
2		Economic, Management, Managerial Economics	I			
3		Nature and Scope of Managerial Economics	I			
4		Decision Areas, Linkages with other Disciplines	I			
5		Law of Consumption	I			
6		DMU, EMU, Consumer Surplus	I			
7		Indifference Curves	I			
8		Consumer equilibrium	I			
9		Nature and types of Demand	I			
10		Factors determining demand	I			
11		Law of Demand, increase, decrease, operating law of demand	I			
12		Elasticity of Demand	II			
13		Measurement of Elasticity	II			
14		Types of Elasticity	II			
15		Significance of Elasticity	II			
16		Point, Arc Elasticity	II			
17		Factors Governing Demand Forecasting	II			
18		Types of forecasts, forecasting level, Degree of competition	II			
19		Methods of Demand Forecasting	II			
20		Methods of Demand Forecasting	II			
21		Methods of Demand Forecasting	II			
22		Methods of Demand Forecasting	II			
23		Production function	III			
24		Production function with one variable and two variable inputs	III			

LESSON PLAN

Period	Date (Tentative)	Topic	Unit No.	Teaching Methodology	Remarks	Corrective Action Upon Review
21		Least Cost Combination of Inputs, Cobb-Douglas Production Function	<u>III</u>			
22		Returns to Scale, Returns to Factors, Economies of Scale	<u>III</u>			
23		Types of Costs	<u>III</u>			
24		Types of Costs	<u>III</u>			
25		Break-even Analysis	<u>III</u>			
26		Break-even Analysis	<u>III</u>			
27		Market, Market Structure	<u>IV</u>			
28		Types of Competition Perfect Competition, Perfect Monopoly	<u>IV</u>			
29		Price output determination Perfect Competition	<u>IV</u>			
30		Price output determination in Monopoly	<u>IV</u>			
31		Price output determination in monopolistic competition	<u>IV</u>			
32		Pricing Methods	<u>IV</u>			
33		Pricing Methods	<u>IV</u>			
34		Forms of organisations Sole Trader	<u>V</u>			
35		Partnership firm	<u>V</u>			
36		Joint Stock Company	<u>V</u>			
37		Public Enterprises	<u>V</u>			
38		Business cycles Departmental undertakings	<u>V</u>			
39		Disinvestment Co-operative Societies	<u>V</u>			
40		Business cycles	<u>V</u>			

LESSON PLAN

Period	Date (Tentative)	Topic	Unit No.	Teaching Methodology	Remarks	Corrective Action Upon Review
41		Financial Accounting terminology	<u>VI</u>			
42		Accounting Concepts. Double entry book keeping	<u>VI</u>			
43		Transactions.	<u>VI</u>			
44		Transactions to Journal.	<u>VI</u>			
45		Journal to ledger	<u>VI</u>			
46		ledger to Trial Balance	<u>VI</u>			
47		Trial Balance to Profit & Loss and Balance sheet	<u>VI</u>			
48		Adjustments	<u>VI</u>			
49		Problems	<u>VI</u>			
50		Problems	<u>VI</u>			
51		Financial Ratios.	<u>VII</u>			
52		Liquidity, Profitability Solvency	<u>VII</u>			
53		Types of Ratios	<u>VII</u>			
54		Types of Ratios	<u>VII</u>			
55		Types of Ratios	<u>VII</u>			
56		Capital And its significance	<u>VIII</u>			
57		Types of Capital	<u>VIII</u>			
58		Types of Capital	<u>VIII</u>			
59		Features of Working Capital.	<u>VIII</u>			
60		Working Capital factors.	<u>VIII</u>			

LESSON PLAN

Period	Date (Tentative)	Topic	Unit No.	Teaching Methodology	Remarks	Corrective Action Upon Review
61		Methods And Sources of finance.	<u>VIII</u>			
62		Long term finance.	<u>VIII</u>			
63		Medium term finance	<u>VIII</u>			
64		Short term finance.	<u>VIII</u>			
65		Capital Budgeting	<u>VIII</u>			
66		Payback, AAR Methods	<u>VIII</u>			
67		IRR and NPV methods.	<u>VIII</u>
