

Dated: 20th November, 2025

CIRCULAR

All students and staff members are hereby informed that, as part of the Transportation process, our college Buses will be refueling at the Kannevalasa Petrol Bunk. During this time, multiple College Buses and other vehicles may be present at the bunk, which may occasionally take additional time. It has been observed that some students are getting down from the bus during refueling to purchase snacks & other purposes. This is considered indiscipline.

Hence, all students are strictly instructed not to get down from the college bus at the petrol bunk or at any place other than their designated bus stop.

Bus Incharges are hereby directed to strictly inform and ensure that no student steps down from the bus at unauthorized locations.
