### **A BRIEF REPORT**

A One day Faculty development program on “**One day Awareness program on Intellectual Property Rights and patents**” was conducted by Mechanical department on 8<sup>th</sup> June 2018. The resource person was Sri. Aditya Venkateswara, Examiner, Indian patent office, Kolkata. Intellectual Property Rights (IPR) is concerned with the protection of tangible and intangible property. The resource persons gave an opinion that IPR provides rewards and recognition to inventor/contributor for their research, legal protection encourages innovation, economic growth, new jobs and industries, improve quality of life, provides an environmental where creativity flourishes and everyone is benefited etc. IPR protection plays a key role in gaining modest advantage in terms of technological gains for achieving higher economic growth in a market driven economy.

The main aim of faculty development program is to impart greater awareness about the issue of Intellectual Property Right (IPR), which has gained a special importance for all the domains of socio-economic development. It aid to understand of patentability criteria in details and viable aspect of the patent.
